ACKNOWLEDGEMENT

It is with immense gratitude that we present this project report titled "**FurniZone**," which marks a significant milestone in our academic journey in the field of Master of Computer Applications.

Team effort is the true key to success. Success cannot be achieved single-handedly. Therefore, we would like to express our sincere thanks to all the dignitaries involved in making this project an enriching experience and helping turn it into a successful accomplishment.

We would like to take this opportunity to thank our college, **Sarvajanik College of Engineering and Technology**, for providing us with this valuable opportunity to work on a real-time project.

We are especially thankful to **prof margee rawal**, our professor and project coordinator, for his constant support, insightful guidance, and encouragement throughout our academic journey. His direction has been instrumental in shaping our project and turning our ideas into reality.

We would also like to express our sincere gratitude to our H.O.D., **Dr. Gayatri Kapadia**, and all our respected professors, who have always been ready to provide us with the best guidance and solutions whenever required.

We further acknowledge our friends, classmates, and team members for their collaboration, help, and encouragement at every step of this project.

Finally, we are deeply thankful to our parents and families for their unwavering support and blessings throughout the project. We owe a special debt to them for their continuous encouragement and motivation.

Yours Sincerely,

Sahil Dharani (ET24MTCA011)

Kishan Pancholi (ET24MTCA036)
